Summer Term - Issue 94 - 26th April 2024

**Reception and Year 1
Forest School**

Reception and Year 1 children had a great time exploring our forest area as part of their weekly lesson.

Mrs White

Mini Youth Games Netball

Very well done to our Netballers this week who took part in the Medway Mini Youth Games Cup event.

The team worked hard together to reach a very credible 9th position in the final standings.

Well done everyone.

Crochet Club

The Juniors lunchtime crochet club has made a great start this term and is proving very popular. There are two sessions currently running during lunchtimes each week for beginners and those more advanced crocheters. We have so many crochets artists amongst our Juniors that the clubs are currently both fully booked. Ms Jug

Forget-Me-Not Medway

The more experienced of the crocheters have been taking part in a community project supporting dementia awareness. The group have been creating forget-me-nots that will form part of a collection that will be displayed in The Halpern Gallery in Chatham from 16th to 29th May 2024.

Year 2 Climate Change

In Science, Year 2 have been learning about climate change. We carried out an investigation to see the effects of greenhouse gases.

“We put some ice cubes in a tray with a lego house and wrapped one of the trays in cling film” - Roman

“The cling film is pretending to be the greenhouse gases” - Milan

Next, we timed how long it would take for the ice cubes to melt. We had a timer on and monitored the trays every five minutes. During this time the children made their predictions on what they think would happen.

“I think that the one with cling film is going to melt quicker because it is wrapped and keeping the warm inside” - Grayson

“At the end of the lesson, we realised that most of our predictions were correct!” - Tarkan

We discussed that greenhouse gases are warming up the planet. This term we are going to learn about all of the ways we can help our environment.

Football Fever

Well Done to Flynn (Year R) for getting Player of the week in his training with Hempstead Valley Football club.

Mya, Nihaal and George proved to be lucky mascots for the Gills in their 3-0 won over Barrow FC in their last home game. The children were the official Gillingham FC mascots and had a wonderful afternoon touring the stadium and meeting the players in the locker room prior to kick off. They all walked on to the pitch with their favourite players to the cheers of the whole stadium. Hopefully the children will be watching tomorrow when the Gills host Doncaster Rovers. C'Mon Gills!

Year 1 - Art

Year 1 made clay pots during their Art lesson.

We made them by using the coil method and decorated them with shells to tie in with our seaside topic.

Year 6 Science - Light

Year 6 undertook an experiment this week to see how light travels. They arranged cards (with holes at the centre for the light to pass through) in different positions to see whether light travelled in curves, angles or straight lines. In the end, they were able to prove that light travels only in straight lines. Well done Year 6!
